**CHAPTER 11: MILK CLOSET**

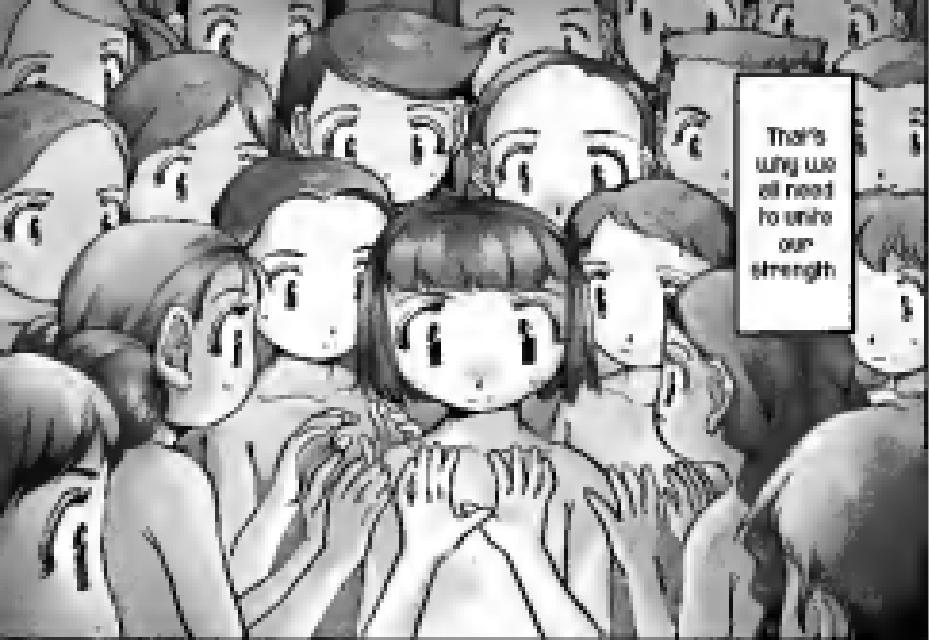

There's no way one can do it on one's own.

Protecting the universe is no picnic, you know.

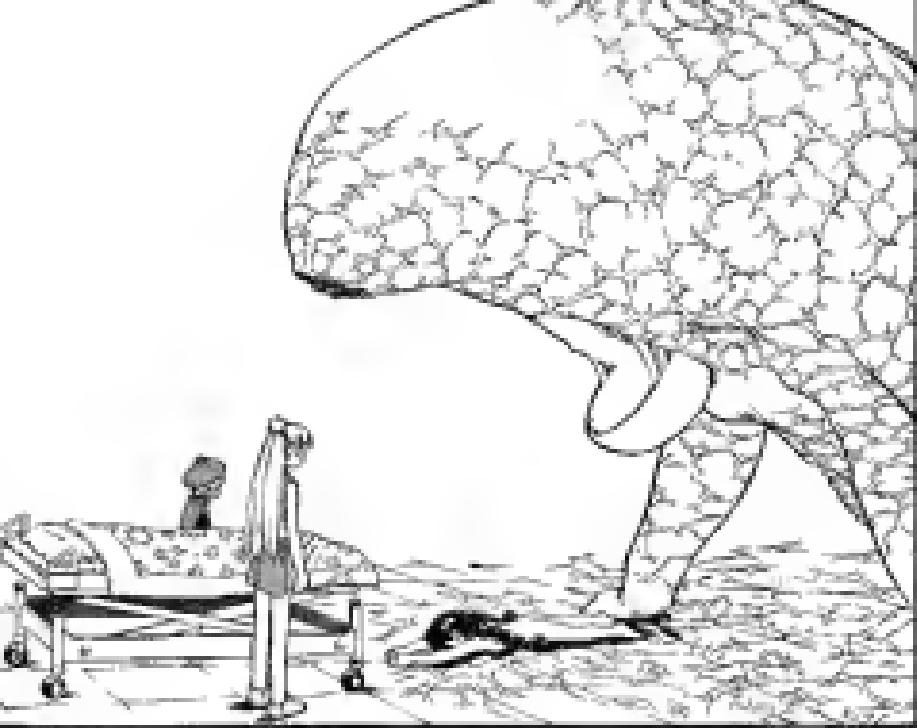

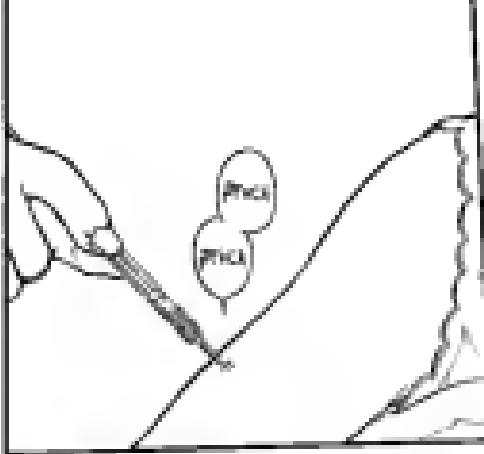

It's about time we find another world to wipe out.

They've dried up quite a bit.

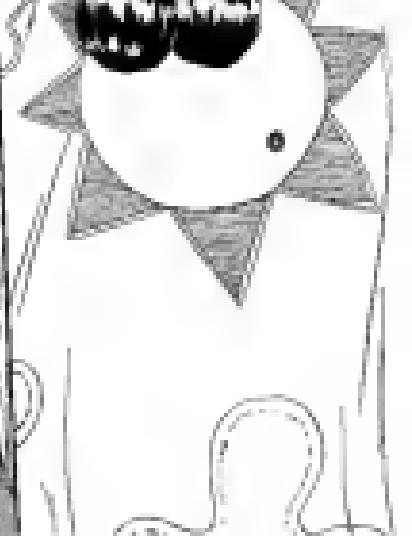

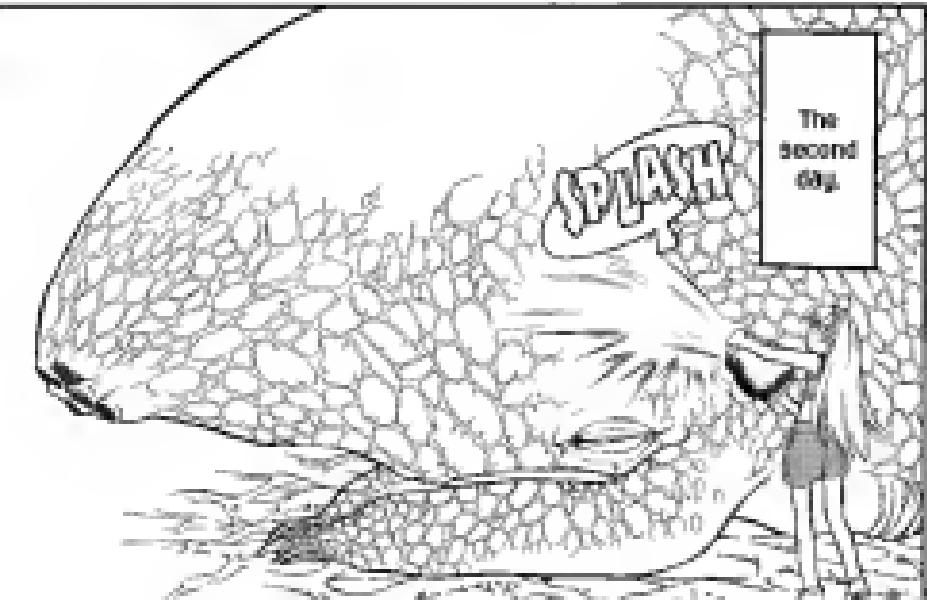

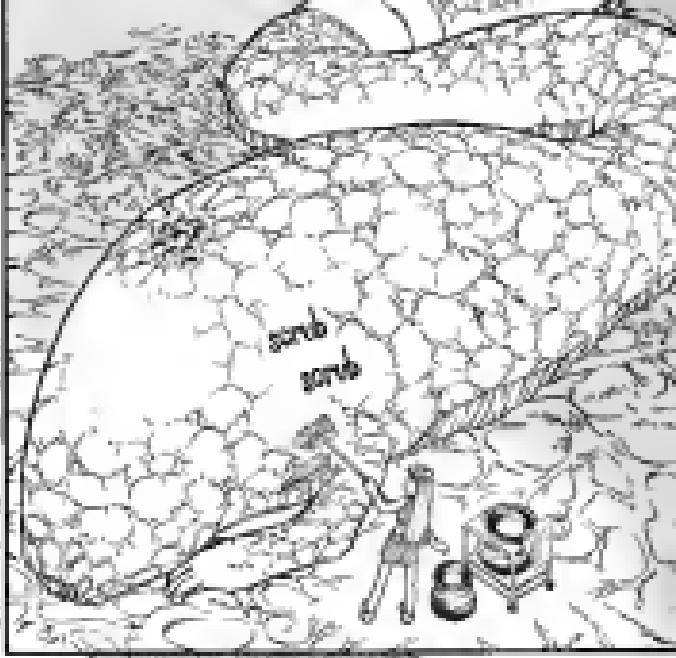

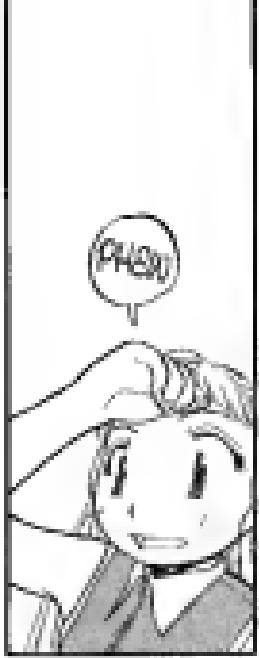

we don't have another choice but to bet on her

Whether it'll work, out or not,

The  
fourth  
day.

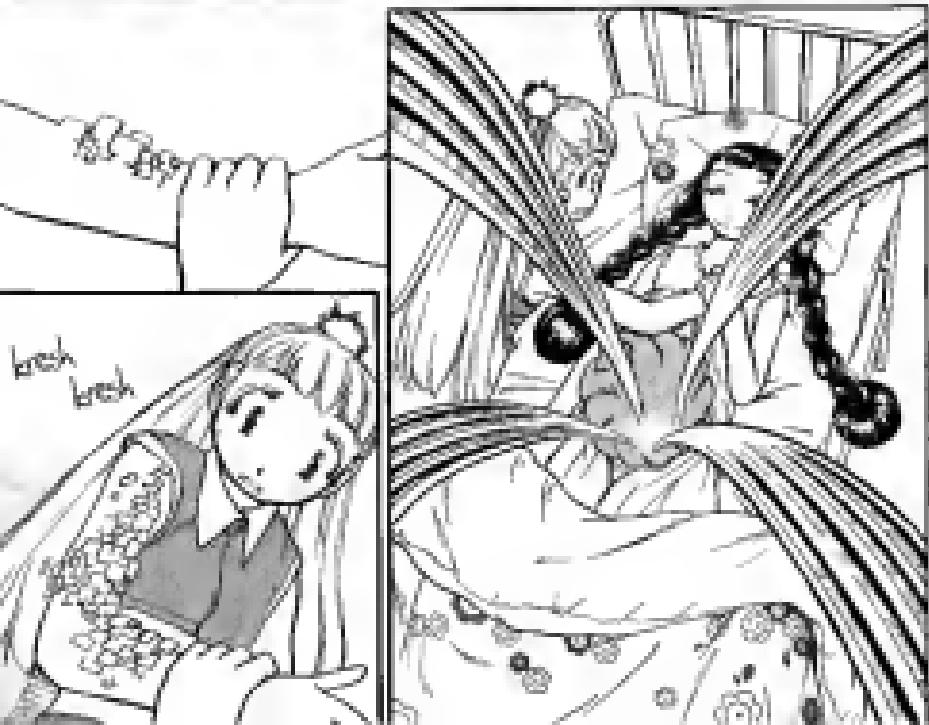

How long  
do you  
want to  
stay  
this  
way?

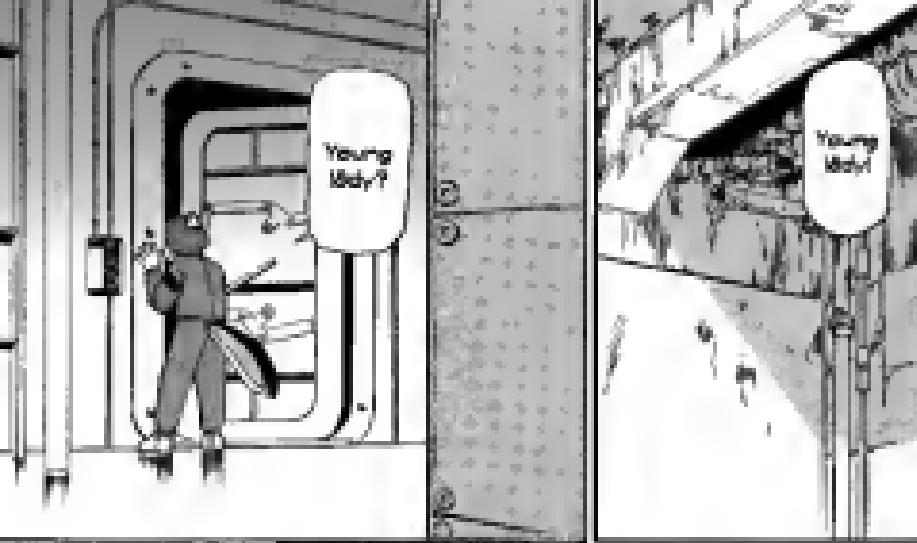

wake  
up al-  
ready!

I wonder...  
if this  
universe  
exists, has  
really been  
disclosed.

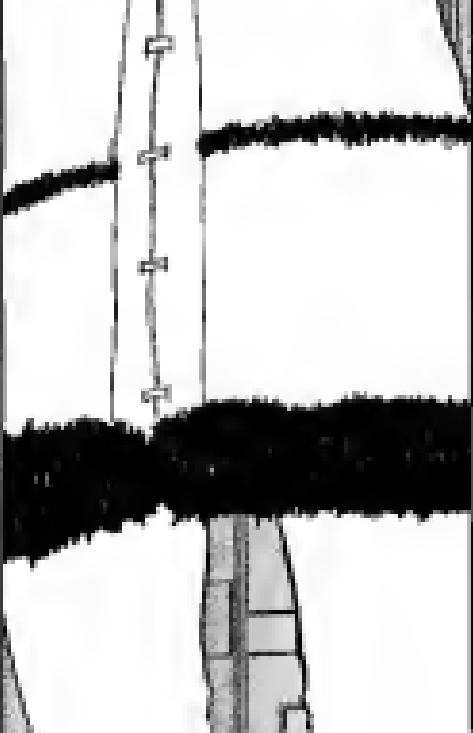

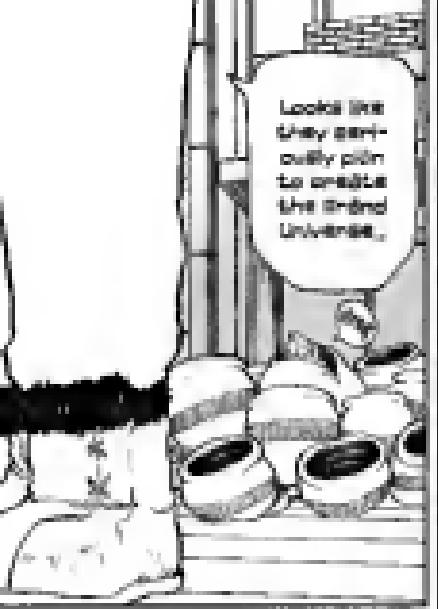

Such other  
creatures  
haven't found  
themselves  
here...

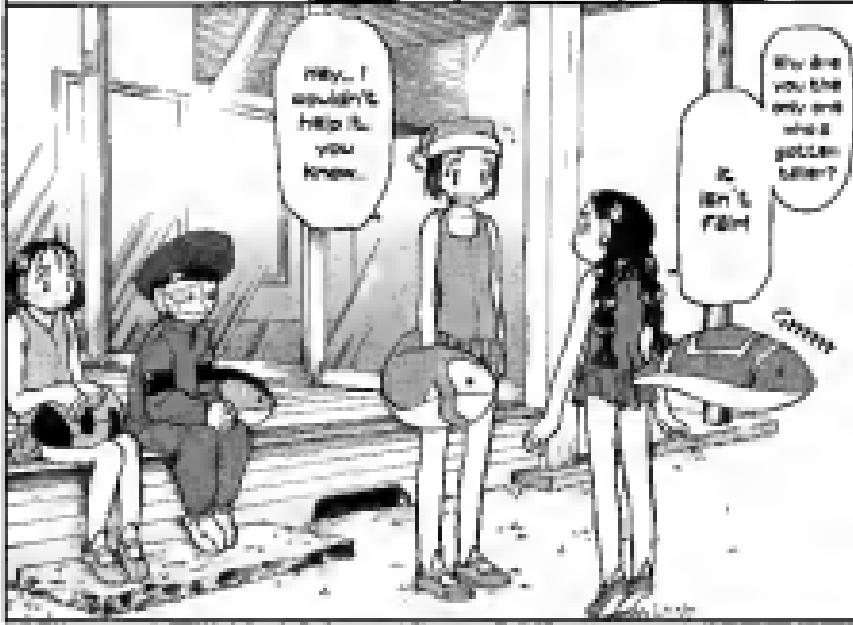

**CRIMINAL**

More,  
more!

...which means that Lusi is the only suspect left.

I don't want it's the one who disclosed our plan, and it's impossible he knew that Lusi's mother could have done it...

The only ones besides myself who knew the plan to remove the usurper were Lusi and her mother.

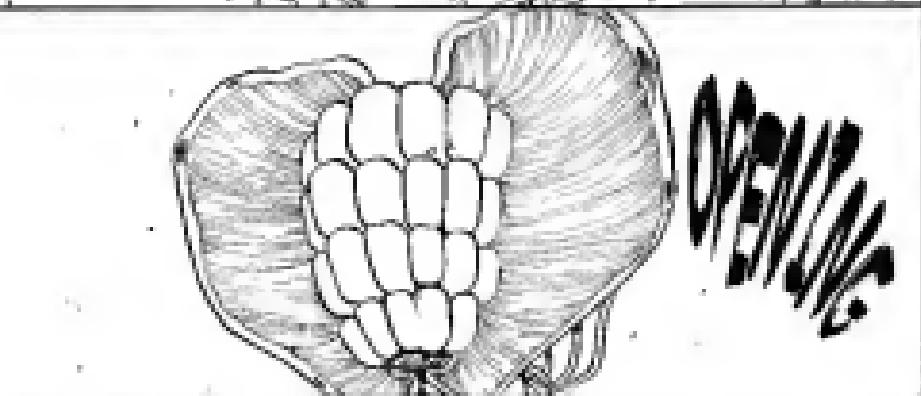

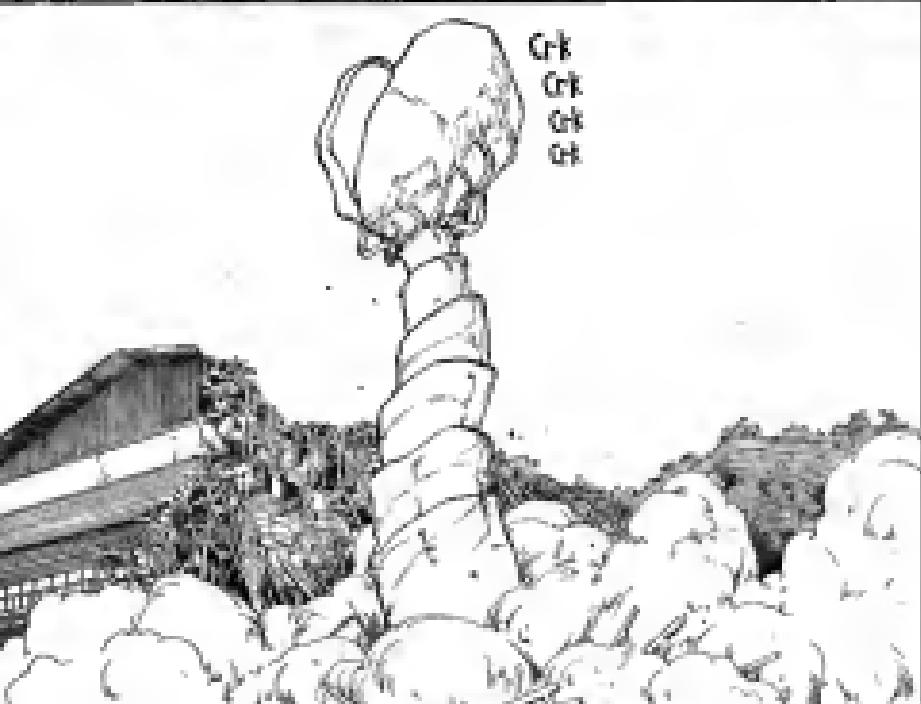

What's this mystery?

None

But why?

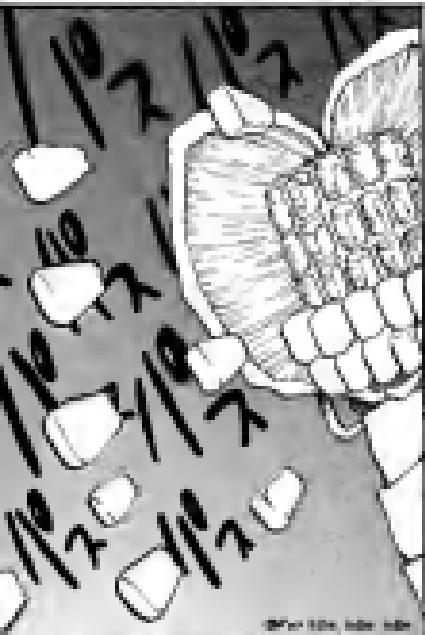

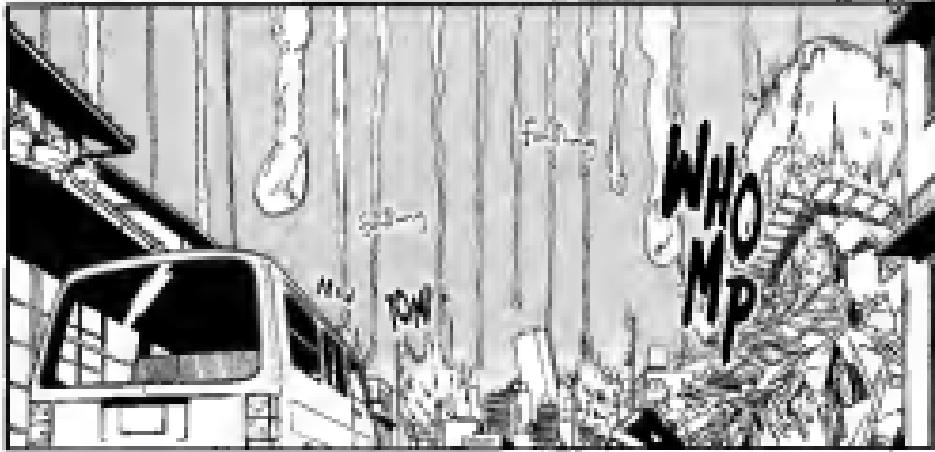

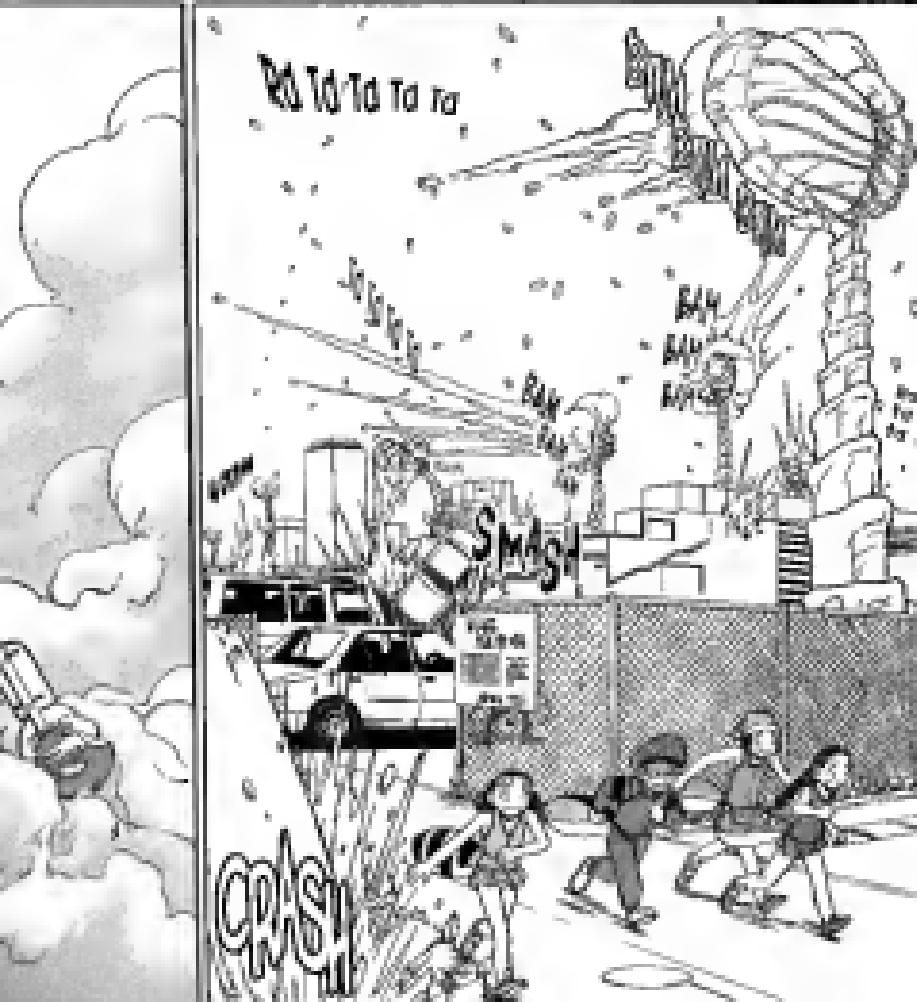

FNUOOSH

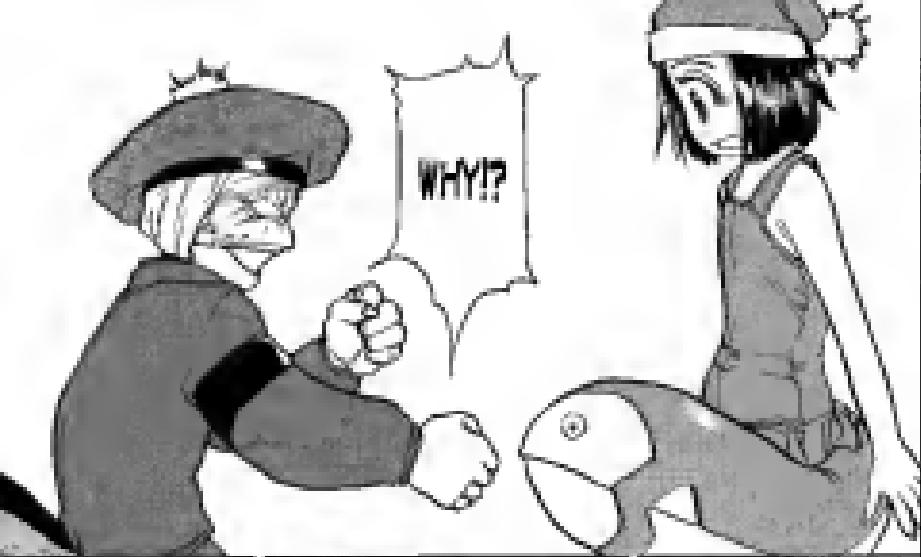

SMASH

Those universes wouldn't be able to persist without the living beings that exist in them.

There are currently 500 universes left.

What do you think will happen to those beings if your Grand Universe should disappear?

We're talking about the grand-line's living beings who are busily making their universe's existence

They will  
all be  
killed.

You're  
an adult,  
aren't  
you?

And when

Why, why

I want  
to become  
stronger

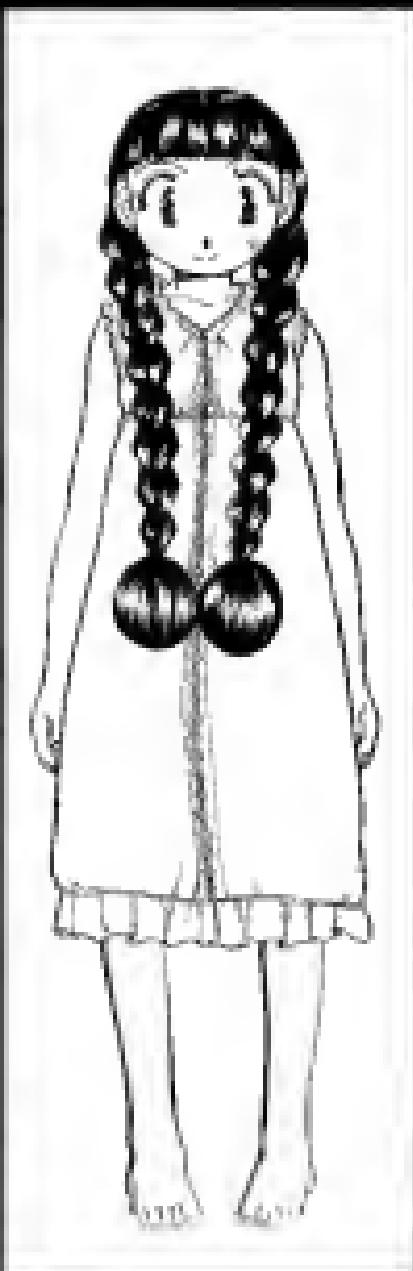

**CHAPTER 14: DADA AND DABANG**

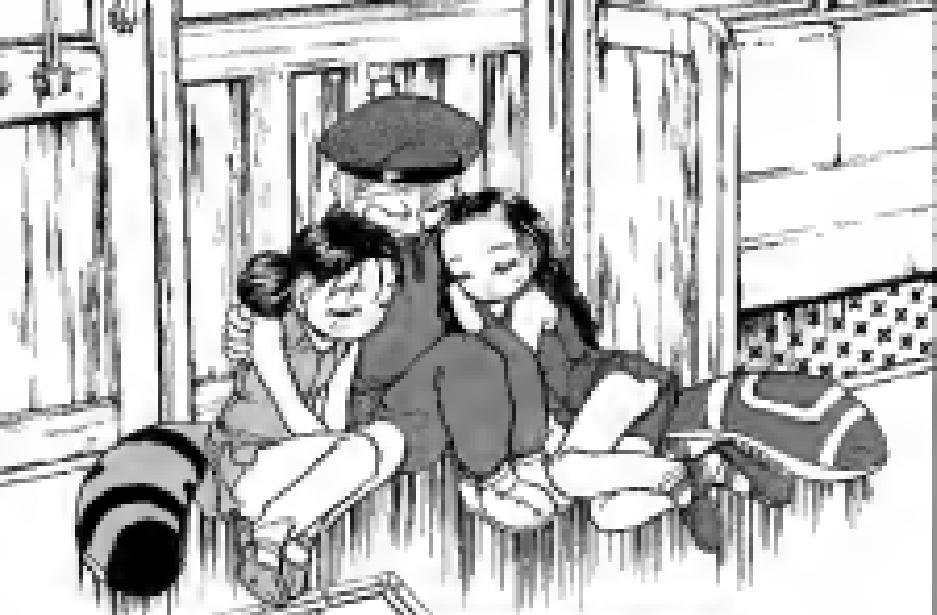

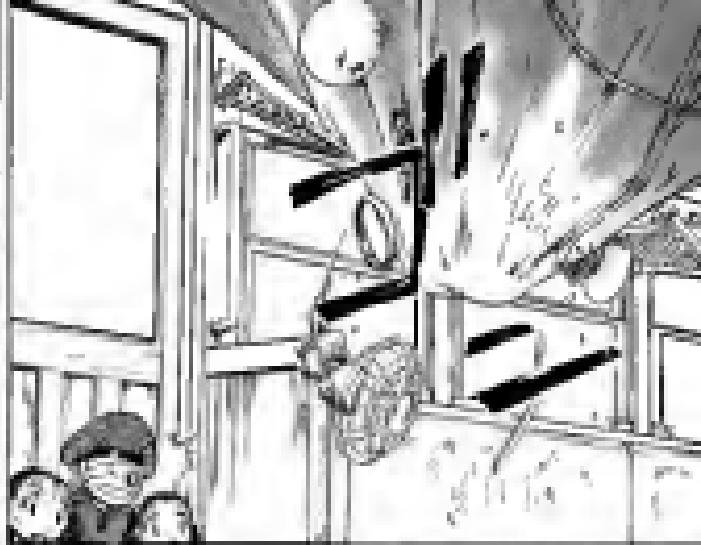

...will  
create one  
and only  
one Grand  
Universe.  
Such is the  
"plan He  
had in His  
universe."

By assimili-

single  
universe,  
every living  
being...

Waddings

Waddings  
should  
shut their  
mouth!

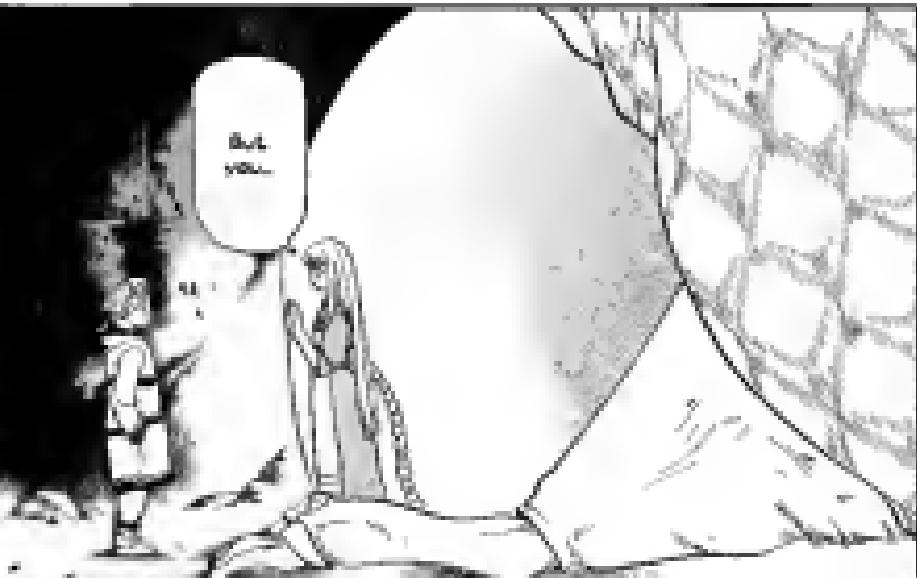

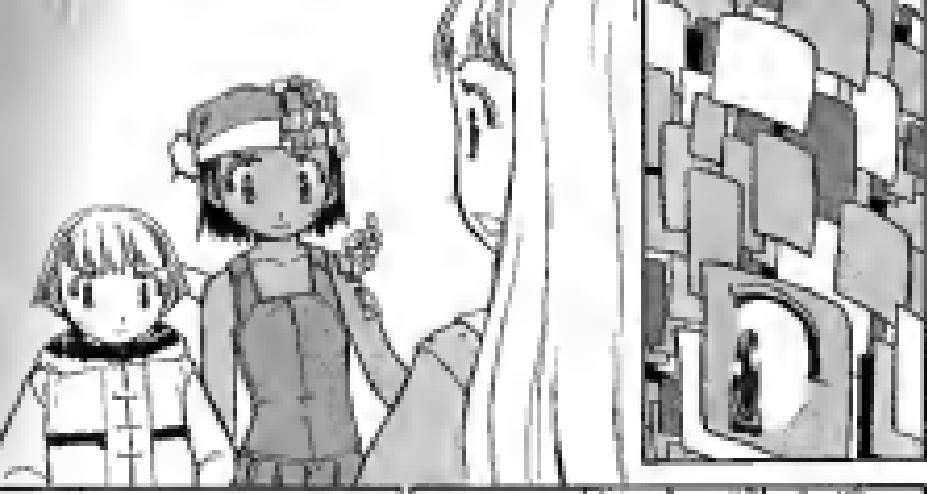

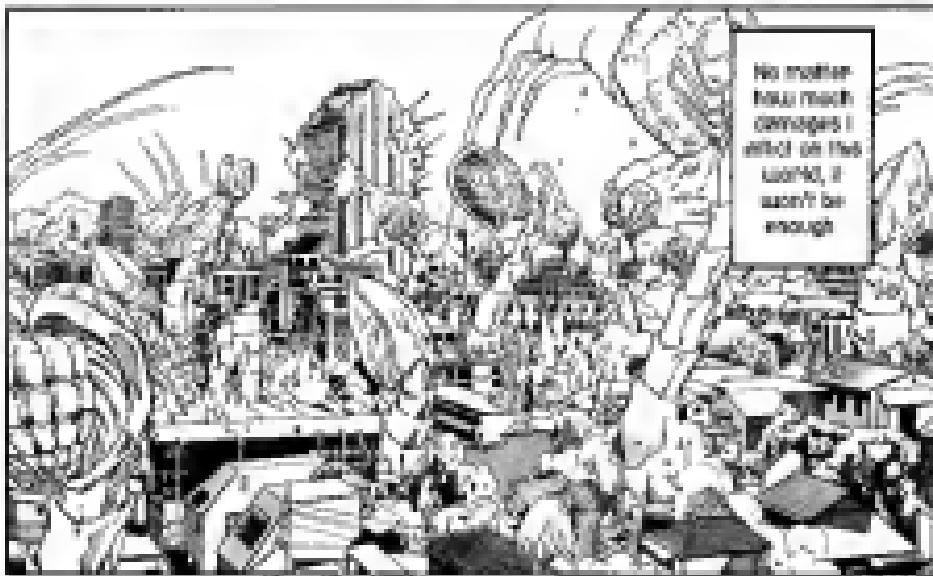

Unless the

it's as

If I inspec-

Nonetheless,  
it reduces  
the pressure  
you over-

So, what  
I'll gonna  
do is to  
prevent  
it from  
coming to  
life...

You  
ba-

My children  
will stop  
you too

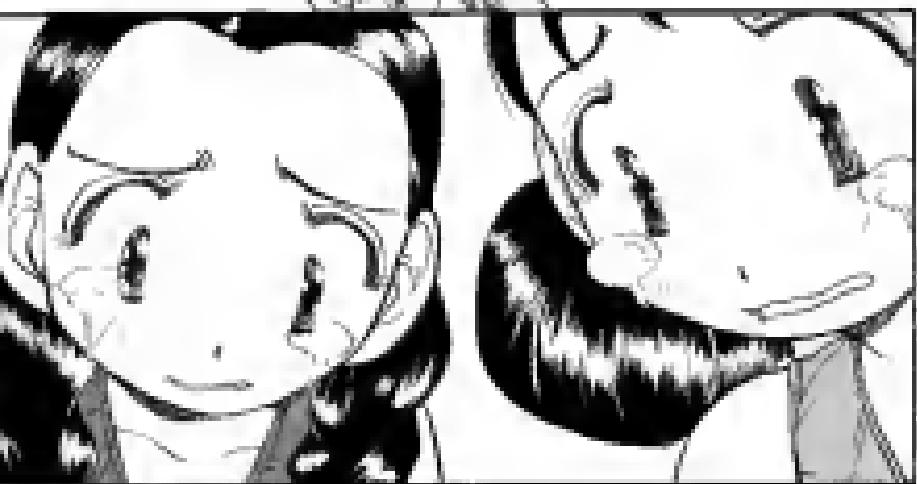

You want  
to ruin  
my wife  
and  
don't  
you?

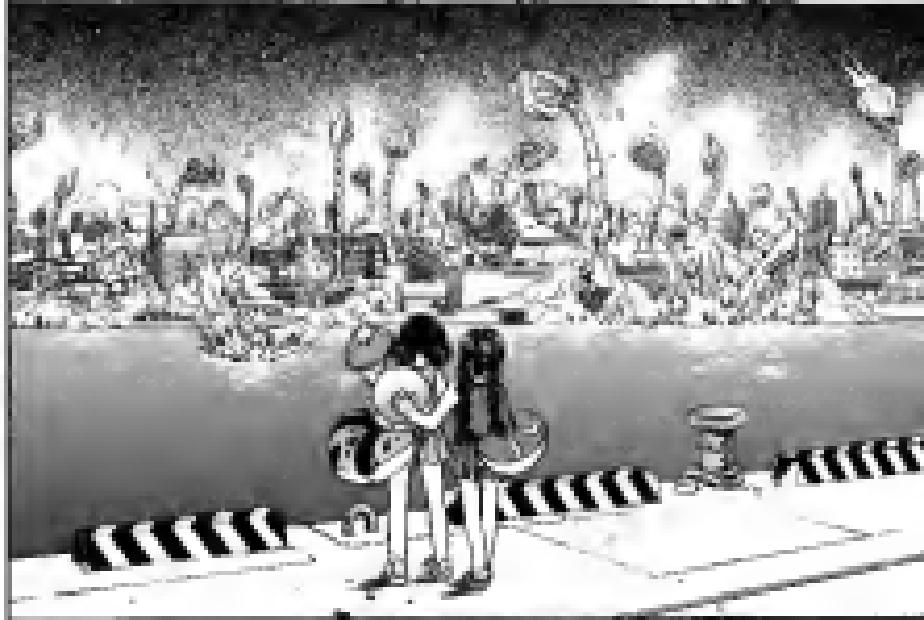

There's  
noway I'd  
let that  
happen!  
Only think  
my child  
body!!

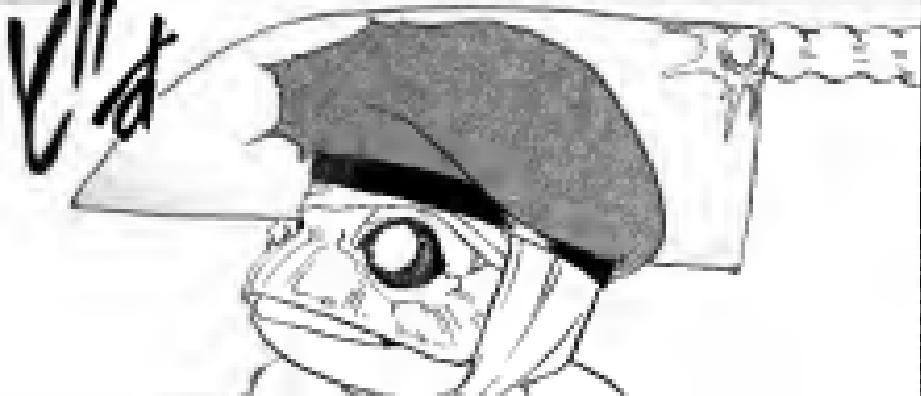

How long  
can you  
keep up  
your  
shout?

If you  
want to  
stop me  
you better  
hurry up

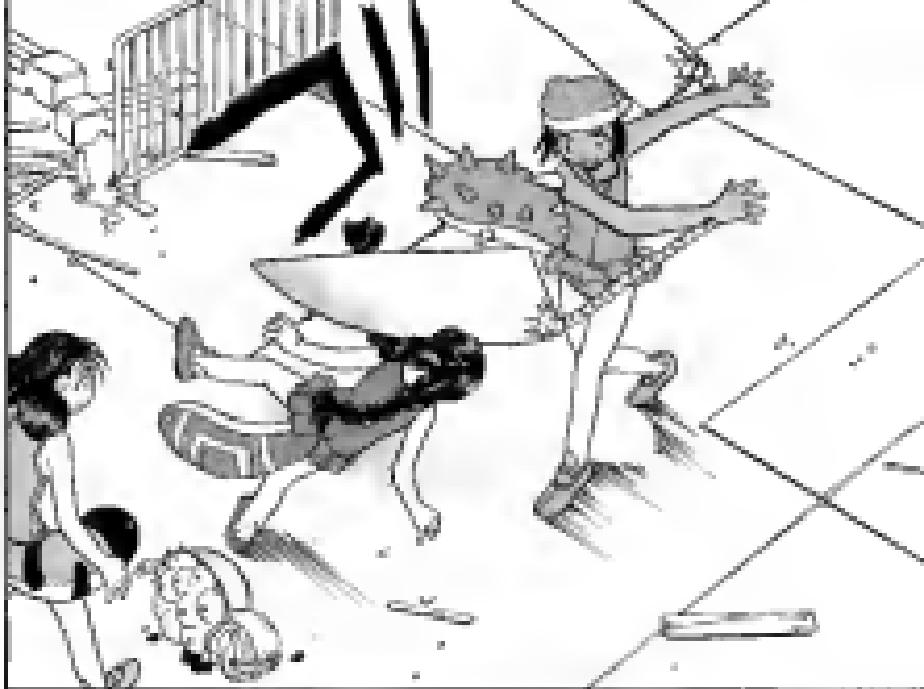

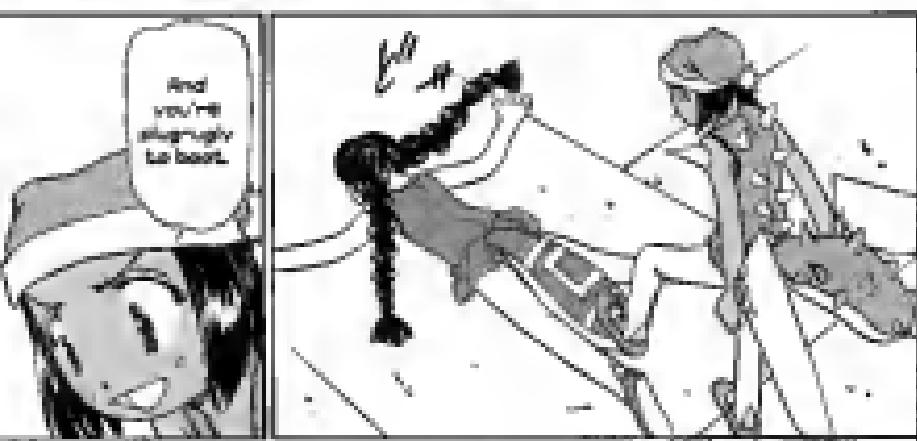

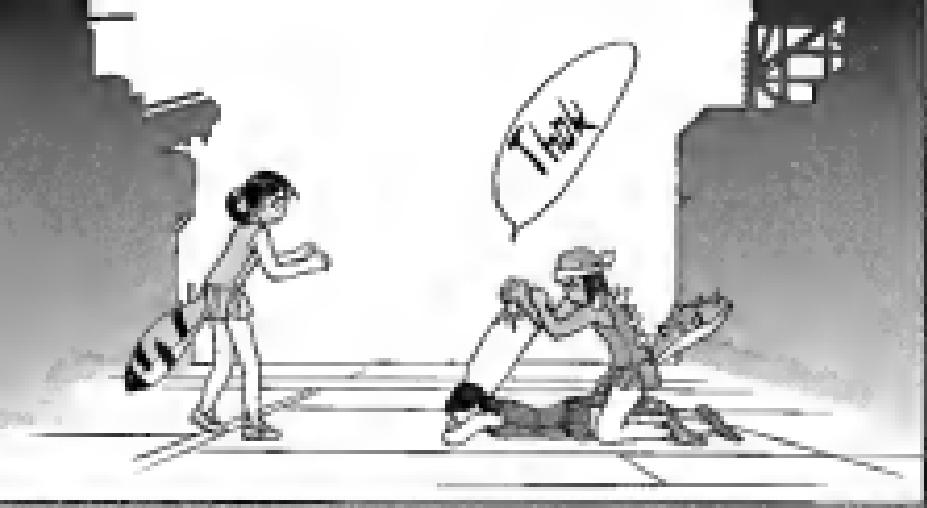

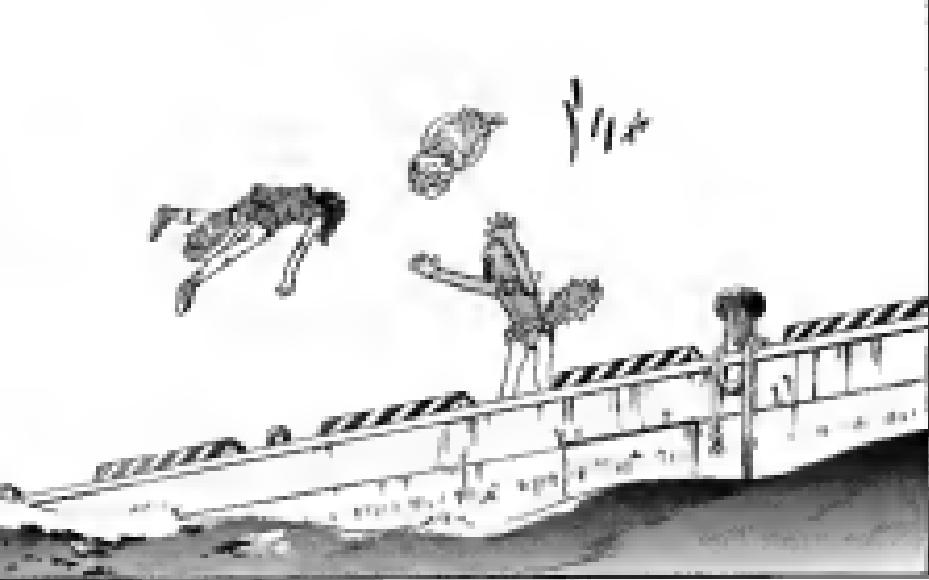

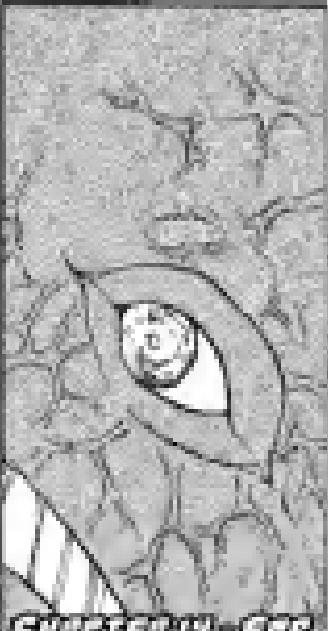

I will make  
sure that it  
won't come to  
me, that they  
will change in  
shape!

If I can't  
look up the  
Grand Universe...

It's done.  
Now they're  
in their  
deserved  
despair.

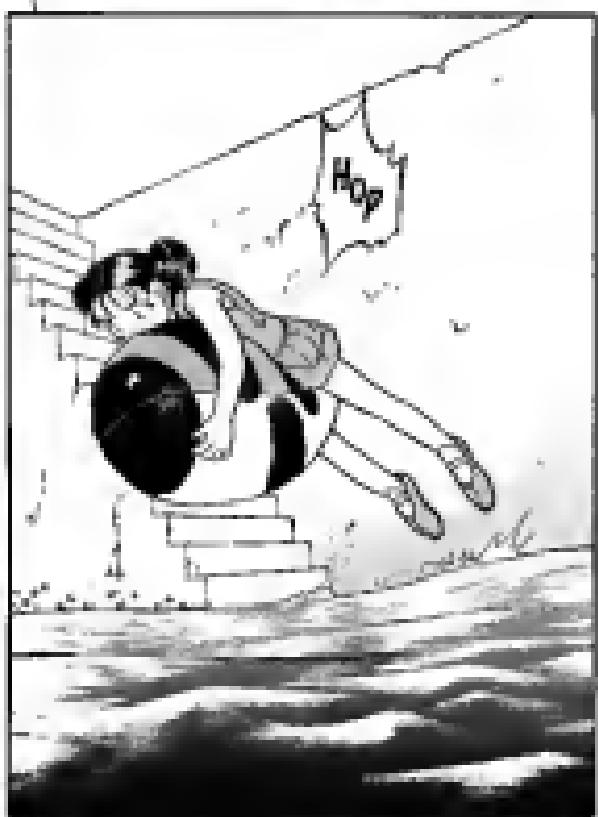

Tell them.  
Should we  
bring this  
to an end?
